COUNTY ROAD BOND BIDS TURNED DOWN

The Board of Supervisors met in adjourned session Monday, July 28, there being present Wm. H. Brown presiding, and Jas. T. Casey and John MacBain.

Chairman Brown presented the contract entered into between the County of Santa Clara and K. T. Beard of Stanislaus for the construction of the San Francisco bridge which is to be erected by San Mateo and Santa Clara counties.

On motion of Casey, seconded by MacBain, the chairman was authorized to sign the contract on behalf of this county.

The board adjourned at 10:30 on motion of Casey, seconded by MacBain, out of respect to the memory of Mrs. Francis, the mother of Supervisor Francis, who passed away at Halfmoon Bay on the 26th instant.

The board reconvened at 2 p. m., there being present Supervisors Brown, Casey and MacBain.

Chairman Brown presented an itemized estimate of the damages sustained by John Davis whose team of eight horses and two wagons went through a bridge near Pigeon Point recently, the total of which was \$434.80.

On motion of MacBain, seconded by Casey, it was ordered that settlement be made with Davis according to the chairman's estimate.

The chairman stated that two horses belonging to another party were killed at the time Davis met with the accident.

On motion of MacBain, seconded by Casey, it was ordered that \$200 be paid for each of the horses.

Alfred Grainger, the courthouse nightwatchman, applied for a leave of absence for two weeks.

The matter was referred to MacBain with power to select a substitute for Grainger.

C. Walton of the First township was granted \$8 per month from the Indigent fund on motion of MacBain, seconded by Casey, he being unable to earn a livelihood.

The application of F. Granucci for a liquor license at Colma was rejected on motion of Casey, seconded by MacBain, as it was the intention to issue a license to Bell & Co. in the same building.

The application of Bell & Co. for a liquor license was received and given first reading.

On motion of MacBain, seconded by Casey, Harry B. Morey was allowed \$1000 as part payment for culvert work in the Third road district.

The bids of Parrott & Company, Ant. Borel & Co. and the Staats Company for portions of the county road bonds were taken up for discussion.

MacBain objected to selling the long term bonds in small numbers and on his motion, seconded by Casey, the three bids were rejected.

MacBain reported that a bridge on the Middlefield road crossing the San Francisco creek was in an unsafe condition.

Surveyor Neuman stated that the bridge could be made safe temporarily at a cost of \$100.

On motion of MacBain, seconded by Casey, it was ordered that the surveyor act with the city engineer of Palo Alto in repairing the bridge and in preparing plans for a new one.

The chairman reported that he had received a message from Blackburn, asking that immediate repairs be made on two bridges south of Pescadero and that he be supplied with thirty feet of 30-inch culvert pipe and thirty feet of 40-inch pipe.

It was ordered, on motion of MacBain, seconded by Casey, that the surveyor have such repairs made on the bridges named as will make them safe.

Surveyor Neuman requested that he be relieved of the board's previous order to repair certain bridges in the Fifth township as he had failed to agree with the Supervisor as to how the work should be done. No action was taken.

Adjourned to Monday, August 4, at 10 o'clock.

Was on Hold-Up Stage.
Mrs. George H. Leary with her daughter Lois, returned yesterday from Plumas county where they had spent two weeks. Mrs. Leary and Mrs. Towne were on the stage at Blairsden that was held up on the 25th instant. One passenger, a San Francisco druggist, was relieved of his valuables. Before the road agent had time to give his attention to the other passengers, another stage came along and he was frightened off. The ladies went through the ordeal bravely and recall it as an exciting adventure rarely experienced in these days. Mrs. Towne is still at Blairsden with her children.

Gun Carrying Costly
Jack Kelly, a son of a wealthy Woodside family, was fined \$50 Tuesday by Recorder Hannon for carrying a concealed weapon. Kelly, with H. E. Bishop, a rancher, had an argument with a waiter in Eureka restaurant, during which Kelly drew a gun. He was promptly arrested by James Coleman. Bishop, who was also taken into custody, was fined \$10 for intoxication.

INJURED BASEBALL PLAYER WILL BE GIVEN BENEFIT.

Last Sunday Redwood suffered its second defeat this season when the U. S. Laundry team won by a score of 5 to 4. But five hits were made by each side. Errors at critical times lost for the locals. A home run with two on, made by Smith was a feature of the game.

A painful and serious accident befell Henry Kendal who was catching a sharp breaking curve ball hit him on the end of the finger, shattering the bone and causing a compound break, the bones forcing their way through the flesh. It was thought at first that the finger might have to be amputated at the first joint. Kendal is married and this accident will put him out of work for several weeks, as it was his right hand. Because of his good work, being injured while doing his best for the team, a benefit game will be played next Sunday between Redwood and San Mateo on the local grounds. It is a good cause and the fans are sure to help.

The Ellery Arms Co. team, after having written that they would appear to play the Boys' Club failed to put in an appearance. Next Sunday Spalding will send out the Hamilton Outlaws, a fast city team, which has won twelve straight games.

SEQUOIA HIGH SCHOOL WILL
OPEN MONDAY MORNING.

Next Monday morning high school work will begin and parents are urged to have their children start out promptly from the very first day. Mr. McCrea, the principal, is anxious to have all students enroll next Monday as it greatly facilitates the formation of classes and the arranging of the schedule.

Not only that, but students who start later have back work to make up which is unpleasant, both for the student and the teacher. All those who have books which they wish to dispose of are requested to bring them Monday morning.

The board of trustees of the high school district has decided to put in a manual training equipment in the basement of the building, and this work will be done as soon as possible under the supervision of Mr. Abell. The first days of this semester will be in the grammar school shop until the apparatus is fully installed. The prospects are good for a big enrollment this fall and that the school will have a very successful year. The teachers are beginning to return from their vacations and will be ready for their first meeting Saturday.

DISTRICT ATTORNEY SWART
WILL BE HOST TO OFFICERS

District Attorney Franklin Swart has called a conference of all judges and police officers in the county, to be held at his office next Saturday at 10 o'clock, for the purpose of securing closer co-operation in criminal matters. In addition to District Attorney Swart, Judge George H. Buck and Sheriff Mansfield will give talks. By closer co-operation and systematizing of the work, District Attorney Swart plans to make San Mateo one of the best policed counties in the State. At the conclusion of the conference at 1 o'clock the officers will be guests of Mr. Swart at a lunch at the Hotel Sequoia.

George C. Ross and his two sons, Dr. Donald Ross and Lee T. Ross, returned yesterday from a motor trip across the Sierras into Nevada and through the northern part of the State. Except for the rainstorms in the mountains their outing was very enjoyable.

DYNAMITER GOES TO FOLSOM PRISON

Walter Thomas, who was arrested in this city June 13th on a charge of dynamiting poles of the Pacific Gas and Electric Company, pleaded guilty in the Superior Court at San Jose Friday and on Monday was sentenced to serve one year in the State prison at Folsom.

On the night of June 11th one of the lines running into San Francisco and one connecting with Mountain View were destroyed by a gang of men who dynamited two poles near Alviso and sawed poles near Mountain View, after several of the guy wires had been cut.

On the night of the dynamiting an automobile was seen going from place to place about the towns where the poles were destroyed. The driver of the machine was found and from him the officers secured a good description of the man who committed the acts of vandalism.

On June 13th Thomas, who was out on strike, came to the office of the Pacific Gas and Electric Company in his city to collect wages that were due him. At the office he was met by San Jose detectives and Under Sheriff Shields who were accompanied by the chauffeur who drove the car in which Thomas rode when he committed the outrages. The chauffeur positively identified Thomas and he was taken into custody. His room at the Tremont House was searched and a satchel was found containing a quantity of dynamite and several augers. Joseph Giovanni was taken into custody at the same time, the police believing that Giovanni had a part in the work. Giovanni was released at the preliminary examination upon the testimony of a young lady of this city, who told the court that the two had gone to a San Francisco theatre on the night in question.

Thomas was charged on four separate complaints. He was held to answer on two of the counts before Judge John T. Wallace. Since his arrest he has been a prisoner in the county jail at San Jose, as he failed to secure the necessary bail. He was defended by able counsel, but the evidence against him was so strong that he was advised by his attorneys to plead guilty and ask the mercy of the court, which advice he followed.

Monday he was sentenced by Judge Welch to serve one year at Folsom. Thomas may have to answer to the remaining charges against him when he has completed his term of imprisonment.

Gentlemen: I am more than pleased and satisfied with Witter Medical Springs Water; in fact I think so much of its efficiency that I have tried it in one case only because I used it personally. It has worked miraculously in my case. I have been a sufferer from diabetes. In a case of nephritis it has also worked satisfactorily.

You may publish the above as you deem fit.

This is the first time that I have ever recommended a water of any kind, but I have no hesitancy in praising your product, and heartily recommend its virtues to my brother practitioners. (Signed)

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Secretary of State Bryan has started another "paramount issue"—the sufficiency of \$12,000 a year as an income—and again feels like "going to bed early as the returns come in."

Our new Ambassador to England says the United States is dominated by English, Irish and Scotch blood. Mr. Page holds an appointive office and probably has never had occasion to run against the German vote.

It is proposed to retire all naval officers who are "temperamentally unfit." The Jacksonian principle is that no man whose temperament permits him to vote any but the Democratic ticket is fit to be a postmaster.

A WISE SELECTION.

A federal appointment that will be received with much pleasure by all classes in this section is the elevation of Judge M. T. Dooling to the bench of the United States District Court. In the years past Judge Dooling has frequently been called to temporarily preside over the Superior Court of this county and though his connection has achieved an enviable local reputation as a jurist of learning and probity. A scholar, a man, well learned in the law, and possessed of an unusual private reputation, Judge Dooling will bring to his enlarged sphere all those elements which are so necessary to a complete fulfillment of higher judicial duties.

HELP, AND OTHERS WILL HELP YOU.

It is not an infrequent experience to find that when people are asked to do something for the advancement of their home city they act as though they were simply being urged to do something for someone else. And possibly they are; but they can't do something for somebody else without at the same doing something for themselves.

The school taxes you pay help to educate other people's children. But, in the same manner, taxes paid by other people go to help pay for the education of your children. As a matter of fact other people are doing things for you all the time, quite as much as you are doing for them.

Since the earliest history men have lived in communities, actuated primarily by the simple desire to help each other for the common good. It has been the universal experience that the more we help each other the more good we get out of the community.

Then get in and help. That will give you the right to make the other fellow help also. For unless you do your share you have no right to expect help of any sort from your neighbor.

And just at this time these reflections have an especially strong local application. The one thing necessary to insure community prosperity for Redwood City is a proper campaign of publicity, from which the world of business investors may be made aware of her great commercial possibilities. The local Board of Trade is ready to enter upon just such a campaign and to pursue it vigorously and intelligently. But to accomplish the desired results the organization must be backed by a strong membership, and in this it needs the help of every citizen interested in the community. If you would prosper, get in and do your share.

A SWEET SOUNDING PHRASE.

Of all the elusive schemes devised to make things look rosy for the wage earner, none is more attractive than "profit-sharing." It is a sweet sounding phrase and one calculated to catch the popular fancy. It conjures from the depths of the imagination bright pictures of prosperity and gives to life a cheerful prospect.

Profit-sharing might be well enough in its way, but the trouble is, and probably always will be, that no business is sure of making a profit at all times. Reverses come, hard times appear, and during these seasons profits may give way to losses. Then the question comes: What is to be the effect on the employee? Having shared in the profits of the employer during the days of his business prosperity, should he not, as a matter of justice, also share in the loss during the period of depression. And right there comes the trouble with the whole scheme. The continued prosperity of any concern, no matter how well established, can be positively assured, and the wage earners would probably be averse to making the rate of their compensation depend upon the ability of the business to earn a profit.

It is in this that all profit sharing schemes are weak. If it could be assured that all times were to be prosperous times, the plan might be a good one for all concerned. Unfortunately the millennium is still in the dim, distant future, and until it arrives "a fair day's pay for a fair day's work" is the most the wage earner can expect. There can reasonably be no profit-sharing without its compensating loss-sharing.

UNKNOWN MAN DIES IN LONELY SPOT

Body of Suicide is Discovered After Many Months.

The decomposed body of a man, apparently about 45 years of age, was found at the James L. Flood place near Menlo Park by David Roche last Wednesday evening. The body was lying in a heavy fog and Roche stumbled over it. Young Roche at once telephoned to Deputy Coroner John E. Layng, who removed the remains to his undertaking parlors here. The features of the dead man were not recognizable, but he was evidently middle age and in poor circumstances. A rusty revolver, which Dr. H. P. Glynn states may have occurred a year ago. A bullet hole was discovered in the man's temple and the bullet was found in the clothing. There is also another hole in the side of the head, indicating that the man made sure of death by shooting himself twice. The revolver contained four empty chambers. A razor was also found alongside the body. There is absolutely no clue to the identity of the deceased. The remains were interred by Mr. Layng at the county hospital yesterday. Coroner Glynn will hold an inquest over the remains today.

Engagement Announced.

News of the engagement of Miss Irene Patricia O'Connor, a talented Oakland girl, and Tyler Henshaw, son of Judge Frederick Henshaw of this city, will be of especial interest to the wide circle of acquaintances of the young couple, and the formal announcement of the betrothal is expected shortly.

The news follows close upon the heels of the marriage of young Henshaw's brother, Fritz Henshaw, to Miss Mary Casady Henderson, whose wedding took place last night and subsequent honeymoon trip to Honolulu astonished local society.

Both Henshaw and his fiancée are graduates of the University of California—the former with the class of 1911, and the latter with the class of 1912.

Many Strong Features.

Manager Nathorst has arranged an unusually strong program for the coming week at the Bell Theatre, providing a splendid two reel feature for each of the four changes of program, all of which will be shown at the usual popular prices of 5 and 10 cents. For the Sunday program will be shown an interesting drama of the early days of Mexican history, developing a story full of love and pathos.

An especially interesting feature of the week will be given on Wednesday and Thursday evenings, when "The White Slave" will be shown. This is a pathetic story dealing with the difficult problem of the intermixture of the races during the days before the Civil War. The feature of the program for Monday and Tuesday evenings will be a splendid illustration of the perils and myths of "Darkest Africa." As usual the program for each evening will include four full reels.

The dog is vicious and should not be at large without a muzzle.

The dilatory way in which the work is being done on the State highway between this place and Redwood City means that the new concrete bridge over the San Francisco creek will be completed long before the completion of the highway. At the slow progress the contractors are making, it will be months before the work is finished.

STANFORD BALL TEAM POULHAR IN THE ORIENT

Henry Beegeer returned Monday from Japan, having been absent since last May. He was a member of the Stanford baseball team that won the series of games, winning five out of eight games from the Keio University nine. The Stanford boys left a clean record in the Orient, and best of all they played clean ball—that which might be expected from gentlemen.

Mr. Beegeer took with him on his trip letters of introduction from Richard P. Laffin, one of the finest players in Japan, which assured the party a splendid welcome.

By way of a grand finale, the team were entertained on the 26th of June by Mr. and Mrs. T. M. Laffin at their beautiful home in Tokyo, where a dinner and dance were given in honor of the visitors. The collegians unanimously declared that they never had a better time in their lives and that the recollection of Mr. Laffin's hospitality would linger long in their memories. CONSTABLE USES GUN;
BYSTANDER WOUNDED

George Parker, a San Francisco
clerk, was shot through the shoul-
der by Constable James H. Parker
of Colma, Sunday night while a
crowd of men were interfering with
the arrest of John Roy Ritchie, who
had been fighting. Constable Park-
er had been called to Biggio's Gar-
dens to quell a disturbance. He
placed Ritchie under arrest.

As the constable was leading
his prisoner away a gang of men
rushed on him. The officer strug-
gled gamely, but it was necessary
to fire before he could shake his
assailants off. The bullet entered
young Parker's left shoulder and
shattered the bone of his arm.
He was taken to St. Luke's hospi-
tal in San Francisco. Ritchie was
lodged in the County Jail on the
charge of resisting an officer.

Aid Promptly Rendered.

A most distressing matter
brought to the attention of the
Woman's Club last week was
promptly handled by the charitable
ladies of that organization. On
Wednesday a Mrs. Wideman and
her mother, aged 93 years, and in
feeble health, arrived in town, the
former seeking employment. They
were without funds and were cared
for by Mrs. Mansfield. The phil-
anthropic section of the club took
hold of the case and in a short time
enough money was raised to send
the two ladies to Los Angeles where
they have relatives who will give
them a home.

Mrs. Fred Whooten, a former res-
ident of this place, but for some
years residing in San Francisco, was
a week-end guest of Mrs. Henry
Butts of this city.

BUSINESS IN SAN DIEGO.

J. E. Gunning has leased the new
and modern store and apartment
building recently erected by An-
thony Link, says the San Diego
Union. The building is located on
Abbott street, opposite Wonderland
park, and has three store rooms
down stairs and eight apartments
upstairs. Mr. Gunning has opened a
first-class billiard room in one of
the stores and keeps a large stock
of fine cigars, tobaccos, cigarettes
and soft drinks. An orchestral
piano has also been installed. The
apartments are all rented ex-
cept one. They are handsomely
furnished throughout.

Mr. and Mrs. P. A. Ryan and
children returned Monday after an
outing of several weeks at Capitola.

SIMPLE NEW REMEDY
HAS POWERFUL ACTION

It seems strange to many peo-
ple in Redwood City that the sim-
ple mixture of buckthorn bark, glyce-
rine, etc., as compounded in Adler-
ika, has such a quick, powerful ac-
tion. Our customers state that
JUST A SINGLE DOSE usually re-
lieves sour stomach, gas on the
stomach and constipation so
QUICKLY that it is really astonish-
ing. Many say Adler-ika is the
best bowel and stomach remedy we
ever sold. A. D. Walsh Co., drug-
gists.
